1.0 Purpose

- 1.1 The governing body and the headteacher have a responsibility to help and encourage all staff in the school to maximise their performance, to ensure the highest level of education provision to children.
- 1.2 This procedure is therefore designed to provide a fair and consistent method of achieving this requirement and dealing with poor performance and/or the failure to achieve the expected professional standard.

2.0 Scope

- 2.1 This procedure applies to all school support staff with the exception of:
- Teachers employed under the School Teachers Pay & Condition Document
 - Newly qualified teachers during their period of induction;
 - Casual or temporary employees appointed for less than 13 weeks
 - Support staff during their probationary period
 - Agency workers
 - Where the employee is incapable of performing their duties as a result of sickness or injury the School's Managing Sickness Absence policy will apply.

3.0 General

- 3.1 This document sets out the procedure to be followed where a member of the school's support staff consistently or seriously fails to meet the work standards required to perform the duties of their post. Where issues of performance arise, these will be addressed at the earliest possible stage.
- 3.2 This procedure should be read in conjunction with Management Guidance on Capability for School Support Staff.
- 3.3 Problems will normally be dealt with in the normal course of management of staff or through supervisory meetings and informal discussion, but if satisfactory improvement is not achieved within a reasonable timescale, not normally exceeding 6 weeks, as set out in paragraph 4.3 then the matter will be dealt with under the formal stages of this procedure.
- 3.4 Once at the formal stage the expectation is that the capability process should not normally exceed 2 terms.

- 3.5 Copies of documentation, from the informal stage onwards, should be kept on file.
- 3.6 Any member of staff being taken through the capability procedure will be excluded from the performance management process.
- 3.7 Governors/headteachers can delegate the responsibility for taking formal action regarding poor performance in accordance with the procedure, up until any hearing to consider dismissal. (See paragraph 7.3).
- 3.8 Any reference to governors/headteachers, shall be construed as relating equally to their representatives, up until any hearing to consider dismissal. (See paragraph 7.3).
- 3.9 If an employee has specific needs relating to a disability then reasonable adjustments will be considered to assist them participating in any meetings/hearings.
- 3.10 Governors/headteachers will seek the support of the Academy's HR Team as appropriate.

4.0 Supervisory Meetings and Informal Discussion

- 4.1 Governors/headteachers must ensure that employees are aware of the standards of work required of them and how their performance will be assessed. Clear performance standards must be set and monitored as part of the appropriate performance management scheme for reviewing employee performance and development and as part of normal supervision meetings. Governors/headteachers are required to provide appropriate supervision, training and support to assist employees to reach the required standard of performance. Initially any problems should be discussed with the employee on an informal basis. However, if an employee seriously or consistently fails to meet the required standard then this must be discussed in the normal supervisory meetings and as part any formal review of the employee's performance. Governors/headteachers must set robust and achievable targets, with agreed outcomes for the employee to meet and specifying a time period within which they must be met, not normally exceeding 6 weeks. The targets must be reasonable and measurable. A record of these discussions must be kept and a copy provided to the employee concerned.
- 4.2 At this stage, governors/headteachers should attempt to explore if there are any underlying reasons for the employee's poor performance. For example the employee may require training or could be medically unfit. There could be issues, which have arisen concerning the employee's personal life, which are adversely affecting his or her performance at work.

Governors/headteachers are expected to discuss problems in a constructive and sympathetic way, and to identify appropriate action to remedy the situation.

- 4.3 Only when attempts to resolve problems through any normal performance management meetings, supervisory meetings and discussions have been unsuccessful should the matter be progressed to the formal stage of the procedure.
- 4.4 Where the matter is to be progressed through the formal stages of this procedure then the governor/headteacher should write to the employee arranging a formal capability review meeting as set out below (see paragraph 5.1).
- 4.5 It will normally be necessary to follow all stages of the formal procedure as set out below. However, in serious and exceptional cases of very unsatisfactory performance or where it is considered that pupils' education is in jeopardy, then it may be appropriate to move straight to Stage 2.

5.0 Stage I

- 5.1 The governor/headteacher will arrange a formal capability review meeting. The letter notifying the employee of the meeting will provide them with at least 5 working days' notice of the date of the meeting, explain why their performance is considered unsatisfactory and that a formal warning may be issued. The employee will also be notified of their right to be accompanied by a trade union representative or another employee.
- 5.2 The meeting should be conducted by the governor/headteacher. S/he must:
- Explain how the employee is failing to perform/has failed to perform to the standard expected.
 - Ask the employee if there are any reasons why performance is below the standard expected.
 - Consider any explanations given, and whether any other information is required before making a decision.
 - Consider any training or support needs and how these can be met.
 - Adjourn the meeting in order to decide whether a Written Warning should be issued.
- 5.3 Where the governor/headteacher decides a Written Warning should be issued to the employee, s/he should inform the employee of the decision at the

conclusion of the hearing, and/or in writing within 5 working days of the meeting. A letter must be sent to the employee setting out:

- The matters discussed at the meeting.
- The decision taken i.e. that a written warning has been given.
- Robust and achievable targets, with agreed outcomes for the employee to meet and specifying a time period within which they must be met, not normally exceeding 6 weeks. The targets must be reasonable and measurable.
- The time and dates of observations and progressions meeting and when the next capability review will take place.
- That the Written Warning will remain in force for a period of 12 months and that performance will continue to be monitored.
- That unless performance improves to a satisfactory standard within the period set, he/she may be subject to further action.
- The employee's right to appeal against the decision in accordance with section 8.

6.0 Stage 2

6.1 Where an employee's performance continues to be unsatisfactory following a formal Written Warning, or in the case of very unsatisfactory performance and/or where it is judged that pupils' education is in jeopardy, the governor/headteacher will arrange a Stage 2 formal capability review meeting. The letter notifying the employee of the meeting will provide them with at least 5 working days' notice of the date of the meeting; explain why their performance is or continues to be unsatisfactory and that a final written warning may be issued. The employee will also be notified of their right to be accompanied by a trade union representative or another employee.

6.2 At the meeting the governor/headteacher must:

- Reiterate the standard of performance expected by the school.
- Explain how the employee has failed to perform to the expected standard during the review period.
- Ask the employee if there are any reasons for the failure to perform to the standard expected.

- Consider any explanations given and whether any other information is required before making a decision.
- Consider any training or support needs and how these can be met.
- Adjourn the meeting in order to decide whether a Final Written Warning should be issued.

6.3 Where the governor/headteacher decides a Final Written Warning should be issued to the employee he/she should inform the employee of the decision at the conclusion of the meeting, and/or in writing within 5 working days of the meeting. A letter must be sent to the employee setting out:

- The matters discussed at the meeting.
- The decision taken i.e. that a Final Written Warning has been given.
- Robust and achievable targets, with agreed outcomes for the employee to meet and specifying a time period within which they must be met, not normally exceeding 6 weeks. The targets must be reasonable and measurable.
- The time and dates of observations and progressions meeting and when the next capability review will take place.
- That the Final Written Warning will remain in force for a period of 12 months and that performance will continue to be monitored.
- That continuing poor performance and failure to meet the targets set out in accordance with the above timescales may result in dismissal.
- The employee's right to appeal against the decision in accordance with section 8.

7.0 Stage 3

7.1 Where an employee's performance continues to be unsatisfactory and fails to reach the standards set following a Final Written Warning, a further formal hearing will be arranged. The letter notifying the employee will provide them with at least 5 working days' notice of the date of the hearing, explain why the employee's performance is considered unsatisfactory and that consideration will be given to their dismissal. The employee will also be notified of their right to be accompanied by a trade union representative or another employee.

- 7.3 The formal hearing to consider dismissal will be conducted by the Headteacher or governor/s as appropriate. The dismissal hearing can be delegated to 3 governors unless there are not enough governors who have not been involved in any previous action or decisions connected with the dismissal. In this case the decision should be delegated to 2 governors.
- 7.4 A representative of the of the Academy's HR Team has the right to attend the hearing, which may lead to an employee's dismissal.
- 7.5 At the hearing the governors/headteacher will explain how the employee's performance has failed to meet the standard expected and the targets previously set.
- 7.6 The employee will be asked to respond to the allegations and explain any reasons for the failure to meet the required standard.
- 7.7 The headteacher/governors will adjourn the hearing to consider information provided by management and employee and make a decision regarding whether the employee should be dismissed.
- 7.8 If the headteacher/governors decide that the employee should not be dismissed they should inform the employee of what further action, if any, will be taken. This must be confirmed in writing within 5 working days of the hearing. The headteacher/governors may decide that there is a need for further monitoring of the employee's performance. This will need to be explained in the letter.
- 7.9 If the headteacher/governors decide the employee should be dismissed they should inform the employee. This must be confirmed in writing within 5 working days of the hearing. The letter will state:
- Details of the poor performance and why the decision was taken to dismiss the employee.
 - The notice period.
 - The employee's right to appeal against the decision in accordance with section 8.

11.1 Employees have the right to be accompanied by a trade union representative or work colleague at any formal meeting/hearing. The representative has the right to present the employee's case and respond on their behalf to views expressed at the hearing. The representative may not answer questions on behalf of the employee.
